ITALIAN CRAFTSMEN

Every piece is hand finished by skilled craftsmen in Italy to achieve the highest quality and to create a style and details unique to Catalano.

CATAglaze

A total bacteria-proof treatment. By minimizing surface porosity, Catalano's lifetime glaze facilitates water flow and cleaning and ensures that ceramic products have a long-lasting smooth finish.

Cataglaze is a revolutionary high performance treatment that improves surface hygiene and ensures superior long-lasting brightness, when compared to traditionally treated ceramics.

Cataglaze

Traditional Glaze

PERFECT EDGES, PLANAR SURFACES, IMPERFECTION-FREE GLAZE. These are the keywords of Catalano's quality and, for over fifty years, have been driving its constant challenge to perfection. Research laboratories, mechanical and functional testing, quality controls, etc., are just some of the required steps that each Catalano product must take before entering in the market.
