It is a real industrial product system, resulted from automated technologies introduced by Catalano in recent years.

lightness and subtlety

Premium

The new Premium Collection washbasins are the evolution of Catalano's coherent, continuous and multifaceted design philosophy, that gave birth to some of the company's masterpieces such as Verso and Zero. Premium washbasins combine lightness and subtlety to a clean outline; its unmistakable square matrix gives a contemporary and versatile character to the whole range and makes it perfect to fit many kinds of installations and any setting.
