

All Verso products are based on a square matrix, allowing versatile typological solutions. A variety of installation options are available – wall-hung, siton, semi-inset or undercounter installation – and the compact dimensions are the distinctive characteristics of the Verso range. Verso is made up of 13 washbasins, that can be matched with dedicated wall-hung toilets or with the wide range of Zero models. Some of the most emblematic items are also available in a black finish.

*Washbasin prearranged for single tap hole on both sides. Suitable for wall-hung or sit on installation. Fixings included.*

**Size:** 39.37"W X 9.84"D X 5.12"H
